 **Norway**

2nd DIGITAL OCEAN CONVENTION ROSTOCK

NOVEMBER 4–5, 2020

HANSEMESSA ::: ZUR HANSEMESSA 1–2 ::: 18106 ROSTOCK

Future field digital subsea technology:

What it needs, what it does and where it is implemented

Participants from business, science and politics discuss about latest developments, trends and projects of the digital Underwater Technology at the **DIGITAL OCEAN CONVENTION** Rostock.

Look forward to an extensive program:

- Keynotes and panel discussions
- Accompanying exhibition that presents latest products and developments
- Presentation of start-ups and innovations
- Networking opportunities

Your participation – on site or via live stream:

- All relevant health care regulations will be observed!
- No cancellation fees for cancellations at short notice.
- In case you would like to pre-register for the event already now or wish to receive further information (program and updates), please register on: **www.otc-rostock.com**

Digital participation possible

Live stream and chats

Subject to changes due to the corona situation!
